OVERVIEW

Collaborating with colleagues in the maintenance fee department, Kelly provides crucial support to the firm's patent prosecution and docketing group and contributes to the overall efficiency of the firm's legal operations.

Kelly has been with Klarquist for over 30 years and was first hired as a receptionist. She held that receptionist role for ten years and transitioned into the docketing and maintenance fee departments. She now happily resides in the maintenance fee department. When she can, Kelly likes to cross stitch and crochet. She also likes to browse Netflix for new shows and YouTube to catch up on her latest celebrity crush. She enjoys spending time with her family and although she thinks she is funny, her family says otherwise. She says they are a work in progress.

Kelly joined the firm as a receptionist in 1990.
